### **Optimum Use of Laboratories and Music Room in College**

In our modern day education, facilities like laboratories and music rooms are vital resources that significantly contribute to the overall teaching-learning experience. Govt. Degree College Sarahan has one Computer lab and one lab for Geography and one Music Room (Instrumental) as we have only arts and commerce streams in the college. We make optimum use of these laboratories and music room:

**1. Computer Lab:** Optimum utilization of the computer lab takes place, as in some subjects like commerce there are specific papers based on the practical knowledge of filing Income Tax returns, E-commerce, computerized accounting system softwares like Tally ERP and various computer applications related to business practices. Along with this, we provide an opportunity to the students to access the Internet for their educational purpose, for filling up their admission forms, scholarship forms, registrations on My Bharat Portal, Swayam Registrations and ABC registrations etc. Teachers also prepare their PPTs in this lab and access internet for their teaching- learning purpose.

**2. Geography Lab:** The classes of Geography take place in the Geography lab itself and while teaching, the teacher makes optimum use of the lab by indicating the very place on the map and the globe about which the teacher is talking about in the chapter. Through various charts and globes, the teacher demonstrates the various geographical phenomena like how the days and nights are formed, how seasons change and Geographic Coordinates on the globe help in locating the places on the earth, through weather instruments, students learn to measure the readings of weather elements.

**3. Music Room:** For students who have opted music as a subject and want to pursue careers in music, performance, or related fields, music rooms are key to developing technical skills such as instrument proficiency, vocal techniques, music theory, and composition. The Music room (Instrumental) in our college is equipped with the instruments and tools that students need to practice, rehearse, and perfect their art/skill in instrumental music. Students of Music make optimum use of these instruments while learning this subject and giving various cultural and musical performances on the stage in various functions.

### **3.8.1 Adequate number of computers:**
